What's Changing

Revision in Reward Points Eligibility

(Effective 18th January 2026)

If the Cardmember fails to pay at least the **Minimum Amount Due** by the **Payment Due Date**, Reward Points will not be applicable for that billing cycle.

Any Reward Points credited for that cycle, if already posted, will be reversed.

Change in Reward Points Base

(Effective 18th January 2026)

IDFC FIRST Bank offers powerful, online-redeemable Reward Points that can be used seamlessly towards any online purchase — a feature that makes your points truly valuable. The Rewards earning base is now being revised from **₹150** to **₹200** per Reward Point.

Examples:

- 10X Reward Points = 10 Reward Points per ₹200 spent
- 3X Reward Points = 3 Reward Points per ₹200 spent

You will continue to earn:

- 10X Reward Points on monthly spends > ₹20,000
- 3X Reward Points on monthly spends < ₹20,000

Fair Usage on Select Categories

(Effective 18th January 2026)

To keep the programme fair, rewarding, and free from misuse, the following updates are being introduced:

- FASTag recharges (MCC 4784) and Railway spends (MCC 4111, 4112) will now accrue **1X Reward Points**.
- If FASTag recharges using your **FIRST Wealth Credit Card** exceed **₹10,000** in a billing cycle, indicating unusually high usage, a **1% fee** will be levied on the total FASTag recharge amount for that cycle.
- If Railway spends exceed **₹25,000** in a billing cycle, a **1% fee** will be levied on the total Railway spend amount for that cycle.

These updates impact only very high or unusual usage on select categories. Regular, everyday spends for most customers remain fully unaffected.

GST at 18% (or as notified by the Government of India) will apply on all fees, interest, and charges.

MCC stands for Merchant Category Code
